

JANUAR JAHJA  
& PARTNERS

Intellectual Property Counsel

COMPANY PROFILE

Established in 1986, Januar Jahja & Partners (JJP) is a boutique Intellectual Property (IP) law firm with over 25 years experience working with clients from all over the world to help register and protect their Intellectual Property in Indonesia. With particular expertise in IP litigation as well as Trademark and Patent Prosecution, JJP has been providing substantive and professional legal counsel to its clients on a broad range of IP issues for over two decades. As such, the Firm has developed a strong working relationship with the Indonesian Intellectual Property Office and has a deep understanding of civil litigation (both substantive and procedural) before the Jakarta Commercial Court.

Our robust domestic client base keeps JJP constantly looking to markets beyond our borders for further opportunities, while our international clients' needs keep us on the cutting edge of many IP issues.

A G-20 economy fueled by a dynamic domestic market and the world's fourth largest population, Indonesia presents myriad opportunities for foreign investment and market exploitation. Yet Indonesia only just began to establish its IP system within the last 20+ years. And while it is a member of the TRIPS Agreement and numerous other IP-specific conventions, Indonesia's IP regime still has numerous idiosyncrasies that make knowledgeable local counsel a must.

With over 25 years experience successfully navigating the country's IP system, Januar Jahja & Partners is the right firm for you in Indonesia.
